

a safe model for **HOME CARE**

designing a hospital without walls

CFNU RECOMMENDATIONS FOR SAFE HOME CARE

Nurse-led home care interventions that include:

- 1** *A safe-at-home policy;*
- 2** *Seniors/patients' appropriate and timely nursing assessments and interventions supported by the full health care team;*
- 3** *Managerial continuity of care provided by a primary nurse to ensure timely and seamless access to care providers; and*
- 4** *Education and support for all members of the team, including unpaid caregivers, and standard competencies for personal support workers/care aides.*
